PARENTAL QUESTIONNAIRE – Thank you to all those who have returned their questionnaires. Overall there was very positive feedback. There will be an analysis of comments which will be published next week.

READING – Just to clarify on the reading reward system, the idea is that children read daily and not 3 times in one day. Reading progress is about consistent and regular practice and not binge reading. However, well done for everyone's efforts it is lovely to see an increase in the reading at home.

ATTENDANCE – Attendance has really fallen during this school year and is below what is expected by central government. This has been flagged up with the school by the local authority following the last census. Our concerns are around the number of children who are taking odd unaccounted for days, the number of children who have taken holidays and the high level of sickness absence. We just wanted to raise awareness of our concerns and those at a higher level. As a minimum 95% attendance is expected.
